The biochar industry is at a critical stage of its development and we need to make sure we position it to grow.

The ANZ Biochar Industry Group (ANZBIG) is developing a Roadmap aimed at;
- Delivering an overall strategic direction for the biochar industry
- Ensuring the scale-up of capability and capacity
- Supporting market development both here in Australia and New Zealand, as well as globally

The roadmap will also;
- Highlight the products, services and benefits available within various markets
- Align biochar's benefits to the objectives of government, industry and the community at large
- Define and mainstream the requirements for Carbon neutrality and beyond through clear carbon accounting methodologies and robust verification
**Roadmap Development Timeline**

- **Initiation**: March 2022
- **Engagement Phase 1 & 2 (Surveys/Summit)**: April - September 2022
- **Draft Roadmap & Review**: October 22 - January 2023
- **Canberra Launch**: June 2023
Become a Biochar Industry 2030 Roadmap – National Rollout Event Sponsor

We are inviting sponsors to assist in the funding of our national rollout of the Biochar Industry 2030 Roadmap.

Be a major contributor and help lead the new carbon economy!
